

Policy & Procedure for CESSA HA Staff & Tenants

DOCUMENTS MAY BE PROVIDED IN ALTERNATIVE FORMAT ON REQUEST

T 01H - COMPLAINTS (CESSA HA SCHEMES)

Author: DoH

Dated: April 2024

Approved: HC

Review: March 2027

1. Policy

The Association attempts to manage its business so that complaints do not arise in the first place and looks to its on-site staff to take action or draw attention to problems before there is a need for a complaint to be made. Where a complaint does arise, it should be dealt with at the lowest level able to provide an answer or the redress sought.

This complaints policy applies to any individual using or directly affected by CESSA Housing Association's (the Association) services.

The Association provides a service for making complaints to:

- Give dissatisfied individuals a mechanism for seeking redress.
- Collect feedback to enable the Association to review its performance and continuously improve services.

The purpose of this complaints policy is to resolve complaints raised, whether by tenants, applicants or others ('people' hereafter) quickly and to use the learning from complaints to drive service improvements.

This policy is in line with the requirements of the Housing Ombudsman's Complaints Handling Code, which came in to effect from 1 April 2024. The Code ensures that complaint handling data is being used consistently across social landlords, promoting engagement at different levels within a landlord and sets out expectations for Boards, senior executives and frontline staff.

Definition of a Complaint

The Housing Ombudsman's complaint handling code 2024 states that a complaint is universally defined as:

"an expression of dissatisfaction, however made, about the standard of service, actions or lack of action by the organisation, its own staff, or those acting on its behalf, affecting an individual resident or group of residents."

Staff are trained to recognise the difference between an informal complaint (referred to in the Code as a 'service request'), survey feedback and a formal complaint. Staff are encouraged to take appropriate steps to resolve the issue for the person raising a concern as early as possible.

Service requests are not complaints but arise when staff are initially advised of a problem and are given the opportunity to put things right. These are recorded and monitored proactively. A complaint must be raised if the resident expresses dissatisfaction with the response to their service request, even if the handling of the service request remains ongoing.

An expression of dissatisfaction with services made through a survey is not defined as a complaint, though wherever possible, the person completing the survey should be made aware of how they can pursue a complaint if they wish to. Where the Association asks for wider feedback it will also provide details of how residents can complain.

However, when Association staff have failed to put things right and someone remains dissatisfied, a formal complaint should be made following this policy.

Policy Aims and Objectives

The Association aims to resolve all service requests and formal complaints as quickly as possible. It wishes to ensure that all concerns are dealt with objectively and that it apologises where the Association is at fault. It will compensate people in line with policy H26 – Compensation Payments - where applicable.

Complaints from either external organisations or individuals who are not tenants will be dealt with in accordance to this procedure.

Where, following a service request, someone remains dissatisfied, they may ask to make a formal complaint at Stage 1. If they remain dissatisfied they may ask for their case to be escalated to a Stage 2 review as outlined in Section '2' below.

CESSA HA will accept complaints referred to it within 12 months of the issue occurring or the resident becoming aware of the issue, unless they are excluded on other grounds. The Association will consider whether to apply discretion to accept complaints made outside this time limit where there are good reasons to do so.

If the Association decides not to accept a complaint, an explanation will be provided setting out the reasons why the matter is not suitable for the complaints process and the right to take that decision to the Ombudsman. If the Ombudsman does not agree that the exclusion has been fairly applied, the Ombudsman may request that the complaint is accepted.

CESSA HA will acknowledge receipt of all complaints raised, whether escalated or not, within 5 working days of them being received, setting out which aspects of the complaint they are, and are not responsible for, clarifying any areas where this is not clear. Formal complaints will be responded to in writing at both Stage 1 and Stage 2.

For all complaints, the person raising it will be told who is responsible for dealing with it and who will be their point of contact throughout. The Association's lead "Complaints Officer", with responsibility for overseeing all informal and formal complaints is the Director of Housing.

At each stage of the process complaint handlers and the Complaints Officer will ensure that:

- a) The Association acts sensitively and fairly.
- b) Staff are trained to receive complaints and deal with residents who may sometimes be distressed and upset.
- c) Complaints are dealt on their merits and that staff act independently and with an open mind.
- d) People raising a concern are given a fair chance to set out their position.
- e) Measures are taken to address any actual or perceived conflict of interest.
- f) All relevant information and evidence is considered carefully.

CESSA HA will not refuse to escalate a complaint through all stages of the complaints procedure unless there are valid reasons to do so set out in Section 2 below.

The Association will learn from mistakes and will publish information about complaints each year, including the number of complaints received, what they are about and their outcome.

The Association is mindful of its duties as outlined in The Equality Act 2010, to make reasonable adjustments for individuals with disabilities. It will make reasonable adjustments where necessary for those people with protected characteristics, to ensure that it provides the same services, as far as is possible, to people raising a concern regardless of their status under the Act. Details about reasonable adjustments are available in Annex C of this policy.

Where something has gone wrong, and taking account of the guidance issued by the Ombudsman when deciding on appropriate remedies, the Association will acknowledge this and set out the actions it has already taken, or intends to take, to put things right. These may include:

- a) Apologising.
- b) Acknowledging where things have gone wrong.
- c) Providing an explanation, assistance or reasons.
- d) Taking action if there has been a delay.
- e) Reconsidering or changing a decision.
- f) Amending a record or adding a correction of addendum.
- g) Providing a financial remedy.
- h) Changing policies, procedures or practices.

Any remedy offered will clearly set out what will happen and by when, in agreement with the person raising a concern where appropriate. It will reflect the impact on the person as a result of any fault identified and will be followed through to completion.

CESSA HA will also consider whether, and if so what service improvements can be made as a result of any learning from the complaint.

2. Procedure

How a service request or a complaint can be made

The Association wants to make this process as easy to access and understand as possible and therefore provides several ways for people wishing to raise a concern to do so:

Service Requests:

Where someone is concerned about a decision or action of the Association or a member of its staff, they should initially speak to or email the Scheme Manager who will, if possible, resolve their concern through informal discussion.

It is reasonable for CESSA HA to have an opportunity to respond to a service request for issues reported for the first time. Where the Association decides to respond to a report from someone by raising a service request, the person will be informed of the decision and the next steps.

People that express dissatisfaction with CESSA HA's approach to resolving the substantive issue, or the outcome, must be given the opportunity to make a complaint. The complaint should be raised at Stage 1 of the complaints procedure.

CESSA HA will, however, continue its efforts to resolve the service request even where a complaint has been made. The Association will not wait for the outcome of the complaint investigation to progress the service request.

If the issue concerns the Scheme Manager, or someone is not satisfied with the result of their discussion with the Scheme Manager, then they should follow the following formal steps in order.

Formal Complaints:

Formal complaints may be raised in the following ways:

- Email using enquiries@cessaha.co.uk (available for use 24/7).
- Telephone by calling 02392 829319 and leaving a message (available for use 24/7).
- In person by visiting Head Office: 1 Shakespeare Terrace, 126 High Street, Portsmouth, PO1 2RH. Available (except for Bank Holidays) weekdays 8am – 4pm ('til 3pm Fridays).
- In writing to Head Office at the above address.

The Association reserves the right to use discretion when applying the policy and may deal with a complaint differently where individual circumstances merit it. Any discretion needs to be applied fairly and appropriately and complaints should be progressed as far as possible to maximise the opportunity to resolve a dispute.

When logging Stage 1 or Stage 2 complaints the Association will set out their understanding of the complaint and the outcomes the person raising the concern is seeking (in the Code this is referred to as the 'complaint definition'). If any aspect of the complaint is unclear, the Association will ask for clarification.

The Association has 2 stages to its formal complaints procedure:

- **Stage 1** – investigation of the complaint:
 - Unless a complaint is about that member of staff, an investigation will be carried out by the Tenant & Services Manager overseen by the Director of Housing, acting as the "Complaints Officer".
 - Complaints should be submitted to the Tenant & Services Manager in the first instance using the Tenants' Complaint Form (Annex A) setting out full details of the complaint, and reasons why raising at Stage 1. This is designed to help ensure that people submitting a complaint make it clear both what they are complaining about and what they would like to happen as a result. If submitting either a telephone complaint, or a complaint in person at Head Office, staff will assist with completing the form at the time and provide a copy for their records.
 - Unless responded to the same day it is received, the Tenant & Services Manager will acknowledge receipt of the complaint in writing and provide a copy of the Privacy Notice at Annex B within 5 working days of the complaints' receipt.
 - The Tenant & Services Manager will thoroughly investigate all the circumstances surrounding the complaint and as part of their investigation, may arrange to meet the complainant.
 - Every effort will be made to **investigate and respond in writing within 10 working days of the complaint being acknowledged.**
 - Where this is unachievable, the Association will agree with the person raising the concern suitable intervals for keeping them informed about their complaint and as soon as possible, will advise a date by when a response will have been issued. This will be no more than a further 10 working days without good reason, with reason/s being clearly explained and contact details provided for the Ombudsman.
 - Additional complaints raised during an investigation will be incorporated into the Stage 1 response if they are related and the Stage 1 response has not been issued. Where issued, or new issues are unrelated to those already being investigated, or it

would unreasonably delay the response, the concerns raised will be logged as a new complaint.

- Complaint responses will be provided as soon as the answer to the complaint is known, addressing all points raised in the complaint definition and giving clear reasons for any decisions, referencing any relevant policies, law and good practice where appropriate. Any outstanding actions will be tracked and actioned promptly with appropriate updates provided to the person raising the concern.
- Someone raising a concern may be accompanied at any stage of the proceedings by one other person (see use of advocates).
- At the completion of Stage 1 the Association will confirm in writing:
 - a) The complaint stage.
 - b) The complaint definition.
 - c) The decision on the complaint.
 - d) The reasons for any decisions made.
 - e) The details of any remedy offered to put things right.
 - f) Details of any outstanding actions.
 - g) Details of how to escalate the matter to Stage 2 if someone is dissatisfied with the response given.

If someone is not content with the outcome of their Stage 1 complaint they should:

- **Stage 2 - reviewing a Stage 1 decision:**

- Contact the Director of Housing (using the methods highlighted in 'How to make a Complaint' above) stating why they wish the decision to be reviewed.
- The Association will assess each application to review a Stage 1 complaint decision but, other than in exceptional circumstances highlighted by a need to make a reasonable adjustment, requests must be made within 10 working days of the date of the Stage 1 outcome letter.
- The Director of Housing will formally acknowledge a request to review a Stage 1 complaint within 5 working days of its receipt.
- **A formal Stage 2 response will be sent within 20 working days of complaint being acknowledged.** If additional time is necessary to fully complete any further investigations the person bringing the complaint will be advised of the date of expected timescale for response. Any extension will be no more than 20 working days without good reason, with reason/s being clearly explained and contact details provided for the Ombudsman.
- The Director of Housing will examine all the facts concerning the complaint, which may include meeting with the person making it. Where appropriate, the decision will be reviewed in consultation with the Chief Executive Officer. Note that new complaints raised as part of a request to escalate a complaint to Stage 2 will not be considered and instead will be referred back so that they may be raised at Stage 1 of the complaints process.
- At the completion of Stage 2, the Director of Housing will issue a written and final management decision that confirms:
 - a) The complaint stage.

- b) The complaint definition.
- c) The decision on the complaint.
- d) The reasons for any decisions made.
- e) The details of any remedy offered to put things right.
- f) Details of any outstanding actions.

In accordance with the Ombudsman's recommendation that there should only be 2 stages, there will be no further appeals process. Details of how to escalate the matter to the Ombudsman if someone remains dissatisfied will be provided at the same time as completion of the Stage 2 investigation. This will ensure that social housing residents have direct access to the Ombudsman and help to speed up the overall complaints process.

Those who remain dissatisfied, may still contact a Designated Person (e.g. their MP, local councillor or tenant panel) about a complaint, but the Designated Person role would not be part of the Ombudsman's formal process.

Circumstances not covered by the complaints policy

The Association considers that the following exclusions are fair and reasonable to tenants and applicants.

The Association reserves the right to refuse to deal with a complaint or complaints, or to deal with them differently, if they are pursued unreasonably or could be handled more effectively in a different manner. Additionally, a complaint will not be re-opened at someone's request if, after review by the Association, it is established that no new evidence relevant to the complaint has been provided.

Residents should be advised that the regular coffee mornings held for tenants to meet with members of the Housing Committee are designed to give tenants the opportunity to pass feedback to Committee members. These gatherings are therefore not the forum in which to lodge formal complaints

The complaints policy does not apply where:

- The issue of the complaint occurred over twelve months ago. Where the problem is a recurring issue, the Association will consider any older reports as part of the background to the complaint if this will help to resolve the issue for the complainant.
- The matter has previously been considered under the complaints policy.
- Someone complains about the behaviour of a resident or visitor. This would be dealt with under the Association's policy T2 – Anti-Social Behaviour.
- The issue is subject to legal action or to an enforcement notice or other statutory notice that has already started (defined as details of the claim, such as the Claim Form and Particulars of Claim having been filed at Court). The Association will ensure that tenants are regularly kept informed and that enquiries are responded to within 10 working days, and sooner if possible.
- The person raising a concern refuses to reasonably engage with the Association and/or the process after making the complaint, is abusive to staff, or acts unreasonably.
- Several related complaints are made that would be more effectively dealt with together rather than on an individual basis. However, in this instance the complaints will be logged, although the policy timescales may not apply depending upon the components to be investigated.

- Complaints made by the Association staff – these are dealt with under the grievance procedure outlined in the Employees Handbook.

3. Further Information

The Housing Ombudsman Service

The Association aims to resolve complaints either at Stage 1, or (in a small minority of cases) at Stage 2. However, should someone remain dissatisfied, they may ask for a review of the case by the Housing Ombudsman Service.

The Association will cooperate with the Ombudsman's requests for evidence and provide this within 15 working days. If the Association is unable to provide a response to the Ombudsman within this timeframe, an explanation for the delay will be submitted by the Director of Housing. If accepted as reasonable, a revised date will be agreed with the Ombudsman.

People may also contact the Ombudsman if they believe that: they are, or have experienced difficulties accessing our complaints process; or they have complained and we have not followed this policy. The Ombudsman will only investigate a complaint where the complainant has exhausted the Association's Complaints procedure, although this must be done within 12 months of our final decision. For a complaint to be raised with the Ombudsman, someone must be a tenant living in a property owned by the Association.

Complaints can be made online (preferred) to the Ombudsman at <https://www.housing-ombudsman.org.uk/residents/make-a-complaint/>

Contact details for the Housing Ombudsman Service are:

Housing Ombudsman Service
PO Box 152
Liverpool L33 7WQ

Tel: 0300 111 3000 – 9.15am – 5.15pm Monday to Friday
Lo Call: 0845 712 5973

E-mail: info@housing-ombudsman.org.uk Web: www.housing-ombudsman.org.uk

The use of advocates

People raising a concern may ask another person to act on their behalf in bringing their complaint to the Association's attention. This advocate may be a friend, relative or representative from an external organisation such as Citizens Advice or similar agency. An advocate may not be a solicitor or other legal professional unless they are acting in a 'lay' capacity i.e. not representing someone on a professional basis.

Tenant Petitions

A complaint made in the form of a petition on behalf of multiple tenants will be treated as one complaint. In this instance, all contact will be made via a nominated signatory.

Anonymous complaints

Anonymous complaints will not be acted upon; they will, however, be brought to the Tenant & Services Manager's attention for further investigation if deemed appropriate.

Compensation

The Association will consider the payment of compensation to a resident where its action or lack of appropriate action is demonstrated as having caused a personal financial loss or an unreasonable loss of a facility or normal service within its control. Residents who consider that they have a case for compensation should write in the first instance to the Tenant & Services Manager providing as much relevant information as possible.

Residents are reminded that they are responsible for arranging flat contents insurance on their own furniture and possessions against damage or loss. Failure to do so will not be accepted as a justification to claim on the Association unless it caused the loss. The Association's own insurance only covers the property, structure, machinery (e.g. lifts, boilers etc), communal equipment, employees and third-party liability.

Monitoring complaints

All complaints are kept under review for 3 months after which they will be closed, so long as there have been no further issues raised. The Association's informal and formal complaints log is reviewed annually by its Housing Committee.

Confidentiality

All complaints are treated with confidentiality in mind and in line with the Data Protection Act 2018.

Equalities statement

The Association will treat people with fairness and respect. It values diversity and works to promote equality and tackle unlawful discrimination.

Its approach to complaints promotes openness between people raising a concern and the Association's staff in order to understand and resolve the complaint in a positive manner. So far as is reasonable, when investigating complaints, it commits to fully considering an individual's needs and preferences and will offer support or tailor its approach where necessary.

Governance

The Association's complaints policy meets the requirements of the Regulator for Social Housing's (RSH) Transparency, Influence and Accountability Standard, and the Ombudsman's complaints handling code 2024.

The Association ensures complaints are used to help improve services by the use of complaint data alongside other management information on stock, services and resident feedback to provide greater insight.

To support a positive complaint handling culture, the Vice Chair of the Association's Committee of Management (COM) has lead responsibility for complaints. This person is referred to as the Member Responsible for Complaints ('the MRC') in the Code. They are responsible for ensuring that COM (via the Housing Committee) receive regular information on complaints, providing insight on the Association's complaint handling performance. The MRC has access to suitable information to carry out their duties in this regard and report on their findings. This will include:

- a) Regular updates on the volume, categories and outcomes of complaints, alongside complaint handling performance.
- b) Regular reviews of issues and trends arising from complaint handling.
- c) Regular updates on the outcomes of the Ombudsman's investigations and progress made in complying with orders related to severe maladministration findings.

d) The annual complaints performance and service improvement report.

Annually, any issues and trends arising from complaint handling, including discussion of the Ombudsman's yearly landlord performance report and the inclusion of any organisational learning is discussed by the COM and shared in the annual report.

Consideration of individual complaint outcomes where necessary, including findings of severe maladministration by the Ombudsman, or any referrals by it to regulatory bodies, including scrutiny of any subsequent procedural or organisational changes, will be reported.

In addition, annually the Association will confirm that the Complaint Handling Code is being applied and complete and submit a self-assessment against the Code to the Ombudsman.

Where a complaint involves a third party, e.g. a contractor, the Association may need to disclose some of the details about the complaint for it to be properly investigated. Any data shared will be done so in line with the Data Protection Act 2018.

The Association is registered with the Housing Ombudsman Service; this service provides individuals with an independent review should they remain dissatisfied at the end of the complaints process. Contact details can be found on the website at www.cessaha.co.uk.

Annexes

- A. Complaint form.
- B. Privacy Notice (to be given to the tenant at Stage 1 of the Complaint Process).
- C. Details of reasonable adjustments

Privacy Notice (to be given to the tenant at Stage 1 of the Complaint Process)

It is almost inevitable that, in making a complaint in accordance with the policy above, you have voluntarily provided some personal data. In order to address your complaint, it may well be that the investigation will require more personal details to be sought, either from you or other relevant sources. The legal basis for processing your complaint and any further data is because the Association has a legitimate interest in doing so. Therefore, in accordance with the Data Protection Act 2018, it is worth providing you with this Privacy Statement to explain how the Association will process any such data collected.

CESSA HA will be the Data Controller and will carefully record and securely retain any data collected in order to deal with your complaint. It will only be used for this purpose and only shared with those involved with responding to your complaint in accordance with this policy. The details will be kept for the duration of your tenancy and will only be processed again/further if relevant to any further issues that arise. There will be no other effects on you, except in the unlikely circumstance that it is discovered that your complaint has been made maliciously.

Reasonable Adjustments for Complaints Handling

When considering complaints from people with protected characteristics, the Association will make reasonable adjustments where necessary. This is to minimise barriers that such people might face so that those with disabilities have the same access to complaints services, as far as is possible, as those who do not.

How what is a reasonable adjustment is decided

The Equality Act 2010 does not define what is 'reasonable', but guidance from the Equality and Human Rights Commission suggests that the most relevant factors are:

- The effectiveness of the adjustment(s) in preventing or reducing the disadvantage for the disabled person.
- The practicality of making the adjustments.
- The availability of resources including external assistance and finance.
- Any disruption to the service that making the adjustment may cause.

The Association will monitor the reasonable adjustments made by recording it in the complaints data, which is reported three times a year to its Housing Committee.

How these objectives will be met

The Association will do this by:

- Ensuring that no resident, member of staff, consultant, contractor or supplier is discriminated against.
- Ensuring that complaints services are accessible, and appropriately tailored (with reasonable adjustments where necessary) to the individual needs of residents.
- Developing and delivering complaints practices that will provide genuine equal opportunities for all.
- Having in place and monitoring a complaints procedure that is responsive to the needs of tenants with a protected characteristic.
- Promoting diverse tenant participation in key decision-making and service improvement.
- For people protected by The Equality Act 2010, allowing more time than would usually be allowed for them to provide any information needed to resolve their complaint and/or respond to enquiries and other queries.
- Providing specialist support where required, such as a sign language interpreter.

Requesting reasonable adjustments

People will be informed that reasonable adjustments can be provided when dealing with complaints in the following ways:

- By publishing this Complaints policy on the Association's website.
- By including a note on the Complaints policy indicating that the document can be provided in an alternative format on request.
- By regularly advising residents of the policy in the annual Tenant's Annual Report and other communication with them such as newsletters.
